Project Name	Project - IoT Based Smart Crop Protection System for Agriculture

CREATE A CLOUD OBJECT STORAGE SERVICE

The screenshot shows the IBM Cloud Object Storage creation interface in a web browser. The browser tabs include 'Resource list - IBM Cloud', 'Service Details - IBM Cloud', and 'Cloud Object Storage - IBM Cloud'. The address bar shows 'cloud.ibm.com/objectstorage/create'. The page header includes the IBM Cloud logo, a search bar, and navigation links like 'Catalog', 'Manage', and 'Aiswarya maki G's Acc...'. The main content area is titled 'Cloud Object Storage' with a subtitle 'Author: IBM • Date of last update: 2022-07-06 7:19 AM • Docs • API docs'. Below this, there are two tabs: 'Create' (selected) and 'About'. The 'Create' tab shows a 'Choose an Infrastructure' section with two options: 'IBM Cloud' (selected) and 'Satellite'. The 'IBM Cloud' option describes creating, managing, and accessing storage in globally available data center locations. The 'Satellite' option describes utilizing infrastructure from on-premise data centers. Below the infrastructure selection, there is a 'Select a pricing plan' section with a note: 'Displayed prices do not include tax. Monthly prices shown are for country or region: India'. On the right side, there is a 'Summary' panel showing details for 'Cloud Object Storage' (Free), including 'Region: Global', 'Plan: Lite', 'Service name: Cloud Object Storage-tn', and 'Resource group: Default'. At the bottom of the summary panel, there is a 'Create' button and an 'Add to estimate' button. The Windows taskbar at the bottom shows the date and time as 08:22 on 17-11-2022, along with weather information (28°C Sunny) and system icons.

Create About

Choose an Infrastructure

IBM Cloud
Create, manage, and access your storage in globally available data center locations. Public cloud environments are designed for high durability, resiliency and security. IBM-managed infrastructure automatically scales to businesses needs.

Satellite
Utilize infrastructure from on-premise data centers, at other cloud providers, or in edge networks as a Satellite location to IBM Cloud. Deploy, manage and control app workloads with IBM Cloud Object Storage on client-managed infrastructure.

Select a pricing plan
Displayed prices do not include tax. Monthly prices shown are for country or region: India

Summary

Cloud Object Storage Free

Region: Global
Plan: Lite
Service name: Cloud Object Storage-tn
Resource group: Default
